

**(Dr. A.P. Mohamed Ali, Ph. D; I.P.S ®)**

Tamilnadu newspapers dated 4th May carried the headlines of creating the history in All India Civil Services examinations by securing 97 places by Tamilnadu candidates out of 645 vacancies in India which consists of 34 States. Among them 25 selected were trained by the Trust run by Chennai-Saidapet Ex-AIADMK M.L.A Mr. Saidai Duraisamy.

There are other institutions which trained for Union Public Service Commissions for All India Services such as the Institutions run by State Government at Anna Nagar, Periyar Trust at Vepery, the trust run by Ex-IAS Officer Mr. Dayaneswaran at Vadapalani, the training given for Nadars by Sivanthi Adithan at Tuticorin Dist. at Veerapandiapattinam Adithanar College and for the Backward class by **B.S.A. Crescent College** at Vandalore.

But the training institution run by Crescent College could not make much strides to help Muslim aspirants, the reason best known to the authorities. Every one knew that The Muslim Educational Association of South India was founded on 7th February 1906 by the well wishers of our community and it is running a chain of educational institutions including **New College**, in which I got my bachelor degree in 1969. The institution is located at the heart of Metropolitan Chennai City in Royapettah

▪

They are 5 objects of the Association, namely

to devise means for the dissemination of higher education among Muslims and to promote the study of Urdu, Persian and Arabic

to arrange for imparting religious instruction

to help poor but intelligent and deserving students with scholarships, books, school, fees, etc

to impress on the minds of Muslim Public by means of lectures---

the necessity for imparting western education

v) to safeguard and promote the rights and interests of the Muslim community in all spheres of life, viz; religious, educational, cultural, social and economic.

As per objects of the  
Visionaries of **MEASI,**  
the poor and intelligent  
students of the Muslim

community should be  
helped freely to  
safeguard the interests  
educationally and  
economically.

27 life members of  
MEASI including me  
found that there is an  
impending necessity  
to start the  
comprehensive

training academy at  
New College to  
impart training for the  
aspirants for the  
employment in the  
Central and State  
Governments in  
UPSC and TNPSC,  
the training for the  
TOFEL, GRE, IELTS

to get higher  
education at Foreign  
countries, FIIT-JEE  
the comprehensive  
entrance examination  
to get admitted at  
Indian Institute of  
Technology and  
Indian Institute of  
Management,

CAT-SAT to get  
admission in M.B.A  
and other competitive  
examinations.

So we presented a  
memorandum to

MEASI on  
3.10.2007 to start  
the MEASI  
ACADEMY of  
CAREER  
GUIDANCES.  
When the General  
Body meeting was  
held on

15.10.2008 at  
NEW COLLEGE  
premises some of  
the interested,  
influential and  
affluent members  
ensured that the  
memorandum was  
not carried out.

Instead they  
brought another  
resolution to  
amend Rule 10 to  
make all Past  
Presidents to  
become the  
members of the  
Governing Council

so as to  
circumvent the  
democratic  
principles of the  
election. Such  
resolution was not  
dreamt by the  
great Past  
Presidents like

Justice Basheer  
Ahamed Sayyid,  
Abdul Majid of  
Tenkasi and  
Sirajul Millet  
A.K.A. Abdul  
Samad Sahibs.

This is the tips of  
the icebergs in  
which the self  
centered Muslim  
Leaders are not  
bothered about  
the welfare of the  
Intelligent and

educated Poor  
Muslim students.  
The State  
Government of  
Tamilnadu had  
announced 3.5  
percent  
reservation in the

employment for  
Muslims and  
Central  
Government had  
announced 27  
percent  
reservation for  
OBC in the

Government  
Jobs and  
educational  
institutions. If an  
Academy is  
started at  
centrally

located New

College

premises it

would help the

job seeking

Muslim

students who

will achieve  
their goals of  
well placed in  
the society.

In the  
competitive  
world, the  
training  
institutions  
fleece the  
aspirants with

the higher  
fees. The poor  
Muslim  
students may  
not part with  
higher tuition  
fees in such

institutions.  
Hence it is  
imperative to  
start the  
training  
academy for  
Muslim

intelligent  
students to  
compete with  
the students of  
Non-Muslim  
candidates  
and achieve

their goals in  
All India and  
State levels.  
Further we  
should also  
help the  
students for

higher studies  
abroad.

Everyone  
would have

studied in  
News papers  
that Dinamalar  
and The Hindu  
run by  
Brahmin  
community are

conducting  
Job Fairs.  
There are  
good numbers  
of Companies  
run by Muslim  
Rich persons.

MEASI or any  
other Muslim  
social  
organization  
can organize  
the Job Mela  
for Muslim job

–keepers. The  
Muslim  
entrepreneurs  
can also think  
of giving  
preference to  
Muslims in the

employment. If  
anyone makes  
an  
independent  
survey every  
one will be  
surprised to

find a large  
number of  
Non-Muslims  
are employed  
in the  
business  
centers of

Muslim  
affluent. But  
they will come  
into rescue  
when their  
institutions  
come into

attack by  
Hindutva  
elements. I will  
quote some  
examples: 1) I  
was D.S.P  
Coimbatore

Town from  
1977 to 1980.

I know that  
there is one

big cloth store  
namely Shoba  
Cloth Centre  
and sister  
concern  
Sobika. Both  
of them

employed  
many  
non-muslims  
as employees.  
But  
unfortunately  
when both of

them were  
razed to the  
ground by the  
Hindu fanatics  
during 1998  
riots no one  
came forward

to defend  
them. Similarly  
when Gujarat  
was  
witnessing the  
genocide of  
muslims after

Godra train  
burning  
incident most  
of the textiles  
and machine  
tools factories  
and shops

owned by  
Muslims were  
burnt to ashes.  
Neither BJP  
Central Govt.  
nor  
non-muslim

employees  
came forward  
to defend  
them. Still  
there are not  
rehabilitated  
and

languishing in  
refugee  
camps. Many  
Techie Muslim  
brethren know  
that a software  
company runs

by Muslim  
business man  
at Chennai,  
which  
employed  
many  
Brahmins

Directors in  
prime posts by  
paying hefty  
salaries to the  
tune of Rs.  
One lakh to  
Rs. Two lakh

per month  
ended in  
heavy loss.

Hence I  
make a

fervent

appeal for

the Muslim

intelligentsia

to think of

helping the

hapless

brethren to

start the

expressing

their views

unitedly to

start the  
Career  
Guidance  
Academy for  
Muslim  
Students and

conduct

Employment

Fair both in

India and

abroad.

# Should not Tamilnadu Muslims represent in IAS/IPS?

Wednesday, 13 May 2009 15:11
